

Name _____

Phone # _____ Email Address _____

Address _____

PROPELLER SPECIFICATIONS

Propeller Manufacturer _____

Series _____

Diameter/Pitch _____

Part # _____

BOAT SPECIFICATIONS

Manufacturer _____

Boat Model _____

Length _____

Beam _____

Maximum HP Capacity _____

Steering Type _____

Dry Boat Weight _____

Tube Diameter & Shape _____

Tube Bottom to Cross Channel _____

ENGINE SPECIFICATIONS

Engine Manufacturer _____

Engine Model Number _____

Horsepower _____

Mounting Hole Position _____

TEST CONDITIONS

BEFORE Test Date _____

Test Conductor _____

Air Temperature _____

Wind Velocity _____

Fuel Level at Testing _____

Boat Weight as Tested _____

People (with load) _____

People (without load) _____

AFTER Test Date _____

Test Conductor _____

Air Temperature _____

Wind Velocity _____

Fuel Level at Testing _____

Boat Weight as Tested _____

People (with load) _____

People (without load) _____

PERFORMANCE DATA

BEFORE

RPM	MPH (with load)	MPH (no load)
1000		
2000		
3000		
3500		
4000		
4500		
5000		
5500		
6000		

AFTER

RPM	MPH (with load)	MPH (no load)
1000		
2000		
3000		
3500		
4000		
4500		
5000		
5500		
6000		

Seconds 0-20 MPH (with load) _____ Seconds 0-20 MPH (with load) _____
 Seconds 0-20 MPH (without load) _____ Seconds 0-20 MPH (without load) _____
 Prop Slip % _____ Prop Slip % _____

* Results on individual boats may vary depending on many factors, including weather and the condition of the propeller, lower unit and boat bottom.
